1) From what date the appointment of Mr Venkatesachar as additional science assistant in the Central College should commence

2) From what date the service of Mr Venkatesachar in the graded service of the Education Department should commence

3) Dr Venkatanarasappa, Physics assistant of the Central College should be given a special increment to his pay of Rs 30 with effect from the 1st December 19

Letter No 94 d the 5th a/s on Oct. 1903 from the Principal, C/o the Central College, Bangalore to

As regards question the date of appointment Mr Venkatesachar M

V As additional reasons assigning, it is submitted that in Govt Order No 16741-43/Ed 468 dated the 25th May 1903 (Serial No 20 of the other file), it was directed that the services of Mr Venkatesachar might be retained from the 23rd March 1903 (on which date his acting appointment as ~~Professor~~ Lecturer of Physics ceased owing to the return of Mr Cook from furlough) to the date of expiry of Mr Venkata-navanappa's furlough This was done on the understanding that Mr Venkatanavanappa would avail himself of the furlough sanctioned to him from the 8th July 1903 (for 6 months & 24 days) to the 31st January 1904 But the arrangement was not to be, as Mr Venkatanavanappa cancelled his furlough ~~application~~ So strictly speaking Mr Venkatesa Char's services were kept by the Principal without any authority from the 8th July 1903

But before the 8th July the

fol 3

the Principal had sent in his proposal to attach permanently to the College the services of Mr Venkatesa et al (vide his letter No 251 dated the 30th June 1903)

Serial No 1, of the file

The matter was engaging the attention of Govt on the 8th July 1903, the date on which Mr Venkata-rathnappa would have been absent if he had availed himself of the Furlough

Final orders were passed only on the 15th September 1903 in GORo No 2L841-3/

In these circumstances it is submitted that the appointment of Mr Venkatesachar as addl Science assistant may be taken to commence on the 8th July 1903 the date on which he has been evidently one above the number of the College staff

2 As regards the question from what date Mr Venkatesachars services in the Education Department should be taken to commence, Mr Cook reports that he (Mr V Char) has been working

Part 4

working continuously from the 12th August 1901 This date may, it is subd, be taken as the commencement of his service

3 The question of giving some increments in advance to Mr Venkatanarayanappa, Physics assistant, is again strongly recommended by the Govt It is recommended that a special increment of Rs. 30 a month may be sanctioned with effect from the 1st Dec 1903

The Second Councillor was in favour of granting some personal allowance (Rs 35) (vide his note d. 31-8-03)

The Dewan through the 2nd Councillor

I should think it a question for the Comptroller to pronounce an opinion upon - Government has to pass special orders - In my opinion Mr Venkatesachar may be started on Rs 130 from the date on which he began to act - the acting period being reckoned as period which counts for pension but not for increments which latter should be calculated from the date on which he was given a substantive appointment to the Venkatesamudram post which has more than once been so held

Page 6.

Shall be given an advance of two increments including the one which he earned in Dec/05. Both are excellent officials and they are head and shoulders above other officers already in the list. Mr Venkateshachar gets the benefit of his past acting period, and starts on Rs 130/ from the date of sanction, while Mr Venkatanarasiah gets two additional increments from Dec next (i.e. 1760). This is an arrangement to which I do not think any reasonable objection could be taken.

Why should Venkata Narasappa's case be brought in? Nothing is rotten objectionable, complicated with Venkatachari. Mrs will not certainly improve the official atmosphere. Good will without amongst Brahmins. Mutual. It is not however proper that Venkata should be overlooked when a particular boy was promoted on a particular day

12/ Mr Wood who had deferred
pay & prospects should be
treated specially on that account
The question so far as he is concerned
is the what should he do specially

faulty & I shall have a talk with
Mr Cook on the subject

I cannot agree with the

Sir,

With reference to Government Order No Fl 841-3 dated 15th September 1903, sanctioning the proposed appointment of Mr B Venkatesachar, M A , as Additional Science Assistant in the Central College in Class C III, on a starting pay of Rs130/- a month, I have the honor (i) to enquire from what date the appointment is to be reckoned, as no date is given in the Government Order, (ii) to suggestthat his present service may be reckoned as having begun from 12th August 1901 from which date he has been continuously working in the College holding an acting appointment, first upto 2 April 1902 on Rs150/- and thereafter upto 30 June 1903 on Rs175/- since which date I have had him assisting me with the work of the College in connection with the recently extended Physical Laboratories and also with some of the teaching (Mechanics and Practical Chemistry) of the two B.A classes, pending the decision of the Government with reference to my proposals No 177 dated 21st April 1903 and No 28 dated 24th July 1903 for his permanent attachment to the College

2 In connection with Mr. Venkatesachar's appointment I have the honor to respectfull remind the Government that in my letter No 251 dated 30th June 1903 I recommended that Mr Venkatesachar's initial pay should be considerably less than that of Mr. Venkatanarnappa on the ground that the latter has had more than eleven years' service as Science Assistant in the College, which service has not only been barely approved but has been several times mentioned by me to be so specially satisfactory that

I have recommended him for an advance of pay I am convinced that Mr Venkatanarnappa cannot but feel aggrieved by the appointment of one who was a few years ago his pupil, on a starting pay equal to his own and in the face of my recommendations on his behalf during past years His appointment and work are of an entirely different character from that of an ordinary High School assistant - his work in the College including High School Physical Science teaching, F A Physiology teaching, and B A Physical and Chemical Laboratory work I would therefore strongly recommend that the Government may have the goodness, in consideration of all these facts, to sanction a special increment to his pay of Rs30/- from the 1st December next, in addition to his ordinary increment of Rs10/- which takes effect from that date.

3 With reference to the meeting of these increased charges towards the salaries of the College Staff I have the honor to point out that there will be a saving during the present year of about Rs745/- on account of Mr Raghunatha Rau's five months' absence on Sick Leave from 10th June to 9th November and - in connection with the resignation of Mr Grieve and the salary of his successor being, as I should recommend, Rs500/- per mensem to start with - of Rs150/- per mensem from the middle of January to end of February1904=Rs225/- and of Rs200/- per mensem from the 1st March to 30th June 1904=4(Rs200=800/- This makes a total saving of Rs1770 for the current year from the amount which must have been budgetted on account of the college, and against this, if my recommendations are sanctioned, there willbe an outlay of Rs130/- per mensem for 12 months' pay of Mr Venkatesachar =Rs1560/- and of Rs30 per mensem for 7 months from 1st December to 30th June for Mr Venkatanarnappa =Rs210/- so that the amount budgetted for the salaries in the College will just meet the charges which I now strongly urge the Government to have the goodness to sanction

I have the honor to be,
Sir,
Your most obedient servant
